WELCOME TO JUMA SPACES

JUMA Spaces is an event space in the heart of North London.

Set on the first floor just off Holloway Road, the space comes equipped with a dining room, commercial kitchen & private terrace.

The founder, Philip Juma, has spent over a decade in hospitality building his Iraqi food movement while turning his focus on intimate and meaningful dining, with an ‘anything goes’ approach to curating your memorable moment.

“This is a space where people can create and share their own culture, self-expression, and craft in ways other spaces don't allow, so they can connect on a more intimate, personal level, as it's built on the same generosity and hosting values found across the JUMA brand.” Philip Juma

EXCLUSIVE HIRE

JUMA Spaces is here to facilitate happiness.

Whether you are looking to host a cocktail party, gather friends for a birthday, or just have a wonderful meal with your loved ones, our space was curated for these moments.

Our menus and packages vary from Iraqi-inspired to traditional fare, which is reflective of the founders' mixed heritage.
